## NEBRASKA DATE BOOK

### FOREWORD

**This reference work has been prepared to list the current local governments in Nebraska, which consists of counties, cities and villages authorized by the State. It also shows these governments in the order of their legal "birth" as local governments. These are NOT founding or settlement dates that occurs earlier. This is one of a series of state listings. The purpose of this research is to compare the chronological development of local governments, not only in Nebraska, but also in all the other 49 states. It is also the purpose of this endeavor to make this type of information available in one source for historians, geographers, political scientists, public administrators and for commercial use.**

### ACKNOWLEDGEMENTS

**I am indebted to many organizations and individuals for the data listed in this report. Especially noteworthy is Patricia Churray of the Nebraska State Historical Society; the offices of the Nebraska Association of Governments; League of Nebraska Municipalities; county clerks; public libraries and various historical societies. I am also grateful to my wife, Glenda, for helping me in the tedious job of proofing and double-checking.**

### ERRORS AND OMISSIONS

**In any endeavor dealing with dates and names, errors will occur due to mistakes by the source, by the transmitter, and by the researcher preparing the document; therefore, I cannot guarantee the accuracy of each date or spelling. Every attempt has been made to present the correct information. There is concern that public agencies wanted to give the founding dates or platted maps dates as their date of incorporation. Most of these were caught; however, some may not have been corrected. Many of the cities were once villages and they may have reported**

## NEBRASKA DATE BOOK

**not the village date but the city incorporation date. I would appreciate any errors be brought to my attention so that subsequent editions may be corrected.**

**Omissions in this publication are either shown as "\_\_\_\_\_", indicating information not found, or "—" indicating that the local or state agencies were not able to furnish or verify the information. Obviously, I would appreciate being informed, by proper documentation, of this information.**

**Please address corrections or omissions to the address shown on the back page of this document.**

\_\_\_ \_\_\_ Indicates NO date discovered.

**NOTES:** Municipalities in Nebraska are cities and villages.

The dates shown are intended to reflect the earliest date that the municipality was incorporated. Many existing cities were first a village, thus that is the date used when known.

\* Official name is HOWARD CITY; however, the Post Office name is Boelus.
